- 3.5.5 If a Customer accumulates more than \$1,000 of undisputed delinquent charges, the Company's Resp Org reserves the right not to honor that Customer's request for a Resp Org change and the Company reserves the right not to honor that Customer's request for a carrier change until such undisputed charges are paid in full.
- 3.5.6 The Company may require applicants or Customers to provide information pertaining to their financial ability to pay for service.
- 3.5.6.1 Applicants or Customers whose credit worthiness is not acceptable to the Company, or is not a matter of general knowledge, may be denied service or may be required to make, at any time, a deposit in an amount equaling up to two months, actual or estimated, charges for the services provided. The Company may increase the amount of any deposit previously required if, in the Company's sole discretion, it is reasonably necessary under the circumstances.

3. **GENERAL RULES AND REGULATIONS** (Cont'd)

3.5 **PAYMENT REGULATIONS** (Cont'd)

- 3.5.6.2 In the case of a cash deposit, interest will be paid for the period during which the deposit is held by the Company. If the Company, in its sole discretion, determines that the Customer is not capable of satisfying its payment obligations, services may be canceled by the Company upon written notice.
- 3.5.6.3 At the Company's option, such deposit may be refunded or credited to the Customer at, or any time prior to, termination of service. The Customer may elect to apply the deposit to future invoices or receive a payment of the deposit amount. However, if any balance is outstanding on the Customer's account at the time of cancellation, the Company reserves the right to apply the Customer's deposit and accumulated interest against the Customer's unpaid balance.
- 3.5.7 In the event the Company incurs fees or expenses, including attorney's fees, court costs, costs of investigation and related expenses in collecting, or attempting to collect, any charges owed to the Company, the Customer will be liable to the Company for the payment of all such fees and expenses reasonably incurred.
- 3.5.8 In the event that a check or draft tendered by a Customer is returned, a fee based on the policy of the local exchange telephone company which bills the customer will apply. The fee will be assessed when a check or instrument issued by a Customer is returned without payment for any reason whatsoever, unless the return is a bank error, in which case documentary evidence is required to waive the fee.
- 3.5.9 All stated charges in these Terms and Conditions are computed by the Company exclusive of any federal, state, or local use, excise, gross receipts, sales, or privilege taxes, duties, fees, or similar liabilities (other than general income or property taxes) whether charged to or against the Company or its Customer. Such taxes, fees, etc. shall be paid by the Customer in addition to the charges stated in these Terms and Conditions. All such taxes, duties and fees shall each be shown as a separate line item on the Customer's monthly invoice.
- 3.5.10 In cases involving toll fraud, the Company may backbill for one and one-half (1 1/2) years from the point when such fraud was detected and/or quantified.

3.6.1 Interruption of Service

3.6.1.1 No credit will be allowed for relinquishing facilities in order to perform routine maintenance.

3.6.1.2 Credit for failure of service or equipment will be allowed only when such failure is caused by or occurs in facilities or equipment provided by the Company. As used in these Terms and Conditions, all equipment, facilities and/or services for which the Company renders a bill for payment are considered provided by the Company whether or not the equipment, facilities and/or services are owned and operated by the Company unless otherwise provided by the terms of these Terms and Conditions.

3.6.1.3 No credit will be allowed for failures of service or equipment due to Customer user-provided facilities or any act or omission of the Customer, its authorized user(s), officers, directors, employees, agents, contractors, licensees or invitees or any person or entity who gains access to the service of the customer through the negligence of the customer.

3.6.1.4 Credit allowance time for failure of service or equipment starts when the Customer notifies the Company of the failure or when the Company has actual knowledge of the failure, and ceases when the service has been restored and an attempt has been made to notify the Customer.

3.6.1.5 The Customer shall notify the Company of failures of service or equipment and make reasonable attempts to ascertain whether the failure is caused by Customer-provided equipment.

3.6.1.6 Only those portions of the service or equipment operation materially interfered with will be credited.

3.6.2 Outage Credit

3.6.2.1 No credit shall be given for an interruption of less than 2 hours.

3.6.2 Outage Credit (Cont'd)

3.6.2.2 The Customer shall be credited for an interruption of 2 hours or more at the rate of 1/360th of the monthly charge for the facilities affected for each period of 2 hours or major fraction thereof that the interruption continues. (A billing period has 30 days and service is provided 24 hours a day, 7 days a week. Every month will have 720 hours.) Such a credit shall only be applied to services priced by the Company on a monthly flat rated basis.

3.6.2.3 Where a minimum usage charge is applicable and the Customer fails to meet a usage minimum, credit for the outage shall be applied against that minimum equal to 1/360th of the monthly minimum charges associated with the portion of service disabled for each period of 2 hours or major fraction thereof that the interruption continues. Such a credit shall only be applied to services priced by the Company on a monthly flat rated basis.

3.7 **EQUIPMENT**

3.7.1 Customer Obligations

3.7.1.1 The Customer shall assume all responsibility for obtaining all necessary permits, authorization or consents for interconnecting Customer-provided equipment or facilities with the Company's services or facilities as well as ensuring that the Customer-provided equipment or facilities are properly interfaced with the Company's services or equipment.

3.7.1.2 Access to and release of Company provided facilities located on the Customer's premises for testing and repair will be required for failures of equipment or service and/or routine maintenance. The Company will notify the Customer in advance of such necessary access or release and will attempt to schedule the access or release at a mutually convenient time. For charges contemplated in these Terms and Conditions, such testing and repair and/or routine maintenance will be performed during regular business hours. When, at the specific request of the Customer, such routine maintenance, testing and/or repair is performed outside of regular business hours, additional special service charges may apply.

3. GENERAL RULES AND REGULATIONS (Cont'd)

3.7 EQUIPMENT (Cont'd)

3.7.1 Customer Obligations (Cont'd)

3.7.1.3 The Customer shall operate its equipment and facilities in such a manner that its use of the Company's facilities shall not interfere with any other Customer's use of the Company's services or equipment.

3.7.1.4 The Customer shall provide adequate space, electrical power, wiring, HVAC and electrical outlets necessary for the proper operation of the Company's equipment on the Customer's and/or authorized user's premises.

3.7.1.5 The Customer shall be responsible for all loss regardless of cause (other than directly resulting from an act or omission of the Company) to the Company's equipment on the Customer's or its authorized user's premises.

3.7.1.6 The Customer is responsible for ensuring that, except for Customer authorized and qualified personnel, no one attempts to adjust, modify, move or otherwise interfere in any way with the continuous operation of the Company's equipment located at the Customer's or authorized user premises.

3.7.1.7 The Customer shall comply with the minimum protective criteria generally accepted in the telephone industry and other appropriate criteria as may be prescribed by the Company to protect the integrity of service or for safety reasons.

3.7.1.8 The Customer shall be responsible for the installation, operation or maintenance of any Customer-provided equipment. Where such equipment is connected to service furnished pursuant to these Terms and Conditions, the responsibility of the Company shall be limited to the furnishing of services under these Terms and Conditions and to the maintenance and operation of such services in the proper manner. Subject to this responsibility, the Company shall not be responsible for the following:

(a) the through transmission of signals generated by Customer-provided equipment or for the quality of, or defects in, such transmission;

(b) the reception of signals by Customer-provided equipment; or

3. **GENERAL RULES AND REGULATIONS** (Cont'd)

3.7 **EQUIPMENT** (Cont'd)

3.7.2 Terminal Equipment

3.7.2.1 The Company's facilities and service may be used with or terminated in Customer-provided terminal equipment or Customer-provided communications systems. Such terminal equipment shall be furnished and maintained at the expense of the Customer, except as otherwise provided in these Terms and Conditions. The Customer is responsible for all costs at his premises, including Customer personnel, wiring, electrical power, and the like, incurred in the use of the Company's service.

3.7.2.2 When such terminal equipment is used, the equipment shall comply with the minimum protective criteria set forth below and shall not interfere with service furnished to other Customers. Additional protective equipment, if needed, shall be employed at the Customer's expense.

3.7.2.3 When service(s) using voice grade facilities is terminated in Customer-provided terminal equipment, channel derivation devices, or communications systems, the Customer shall comply with the following minimum protective criteria:

a. When the facilities furnished under these Terms and Conditions are used in common with local telephone company services, it is necessary in order to prevent excessive noise and cross talk, that the power of the signal applied to the local lines be limited. A single valued limit for all application cannot be specified. Therefore, the power of the signal in the band over 300 hertz which may be applied by the Customer-provided equipment at the point of termination will be specified by the Company for each application, to be consistent with the signal power allowed on the telecommunications network as specified in FCC Part 68 Rules and Regulations.

b. To protect the telecommunications services from interference at frequencies which are above the band of service provided, the carrier will specify the acceptable signal power in the following bands to be applied by the Customer-provided equipment or communications system at the point of termination to insure that the input to facilities of the Company or other communications company that the Company connects with does not exceed the limits indicated.

3. **GENERAL RULES AND REGULATIONS** (Cont'd)

3.7 **EQUIPMENT** (Cont'd)

3.7.2 Terminal Equipment (Cont'd)

3.7.2.3 (Cont'd)

1. The power in the band from 3,995 hertz to 4,000 hertz shall be at least 19 dB below the power of the signal as specified in Subsection a. preceding.
2. The power in the band from 4,000 hertz to 10,000 hertz shall not exceed 24 dB below one milliwatt.
3. The power in the band from 10,000 hertz to 25,000 hertz shall not exceed 24 dB below one milliwatt.
4. The power in the band from 25,000 hertz to 40,000 hertz shall not exceed 36 dB below one milliwatt.
5. The power in the band above 40,000 hertz shall not exceed 50 dB below one milliwatt.

c. Where there is connection via Customer-provided terminal equipment or communications systems to a Message Telecommunications Service to prevent the interruption or disconnection of calls or interference with network control signaling, it is necessary that the equipment to the interface at no time has energy solely in the 2450 to 2740 hertz band. If signal power is in the 2450 to 2750 hertz band, it must not exceed the power present at the same time in the 800 to 2450 hertz band.

d. Where such Customer-provided equipment or communications system applies, signals having components in the frequency spectrum below 300 hertz, excluding ringing signals, the currents and voltages (including all harmonics and spurious signals) at the interface shall not exceed the limits indicated in 1. through 4. following:

3. **GENERAL RULES AND REGULATIONS** (Cont'd)

3.7 **EQUIPMENT** (Cont'd)

3.7.2 Terminal Equipment (Cont'd)

3.7.2.3 (Cont'd)

d. (Cont'd)

1. The maximum rms (root-mean-square) value, including dc and ac components of the current per conductor shall not exceed 0.35 ampere.
2. The magnitude of the peak of the conductor or ground voltage shall not exceed 70 volts.
3. The conductor voltage shall be such that the conductor-to-ground voltage limit in b. preceding is not exceeded. If the signal source is not grounded, the voltage limit in b. preceding applies to the conductor-to-conductor voltage.
4. The total weighted rms voltage within the band from 50 hertz shall not exceed 100 volts. The total weighted rms voltage is the square root of the sum of the products times the square of the rms voltage of the individual frequency components. The weighting factors are indicated.

<u>For Frequencies Between</u>	<u>Weighting Factor</u>
50 Hertz and 100 Hertz	$f^2/10^4$
100 Hertz and 300 Hertz	$f^{3.3}/10^{6.6}$

Where f is the numerical value of the frequency, in hertz, of the frequency component being weighted.

3. GENERAL RULES AND REGULATIONS (Cont'd)

3.7 EQUIPMENT (Cont'd)

3.7.2 Terminal Equipment (Cont'd)

3.7.2.4 If the Customer fails to maintain and operate his terminal equipment properly, resulting in the occurrence or possibility of harm to the Company's equipment, personnel, or the quality of service to other Customers, the Company may, upon written notice, require repair, maintenance or the use of protective equipment at the Customer's expense. If such repair, maintenance or use of protective equipment fails to produce satisfactory results, the Company may, upon written notice, terminate the Customer's service immediately.

3.7.2.5 The Customer shall also comply with the minimum protective criteria generally accepted in the telephone industry including Part 68 of the FCC Rules and Regulations, and other appropriate criteria as may be prescribed by the Company. The Customer shall ensure that his terminal facilities are of the proper mode, band-width, power, data, speed, and signal level for the intended use of the Customer, and that the signals do not damage the Company's equipment, injure personnel or degrade service to other Customers.

3.8 CANCELLATION OF SERVICE

3.8.1 For any of the following reasons, the Company may discontinue service upon at least 6 days' notice or cancel an application for all services without incurring any liability. Separate accounts for the same Customer are also subject to this provision.

3.8.1.1 In the event that a Customer's bill remains unpaid after more than thirty (30) days following rendition of the bill.

3.8.1.2 In the event of a violation of any regulation governing the service under these Terms and Conditions, when necessitated by conditions beyond the Company's control, a violation of any law, rule, or regulation of any government authority having jurisdiction over the service.

3.8.1.3 Where the Company is prohibited from furnishing services by order of a court or other government authority having jurisdiction.

3. **GENERAL RULES AND REGULATIONS** (Cont'd)

3.8 **CANCELLATION OF SERVICE** (Cont'd)

- 3.8.2 The Company, by written notice to the Customer, may, without incurring any liability, cancel or suspend the provision of service or equipment for non-payment of any sum due to the Company from the Customer, whether pursuant to service offered under these Terms and Conditions or otherwise, or as a result of actions of a government agency which forces discontinuance of the provision of service or equipment, or for violation or threatened violation of any of the terms or conditions of these Terms and Conditions by the Customer or authorized user, or if the Customer becomes insolvent or bankrupt, or makes a general assignment for the benefit of creditors or as otherwise permitted by these Terms and Conditions. Cancellation will be effective on the date specified on the notice.
- 3.8.3 Service may be canceled by the Customer only on not less than 30 days written notice to the Company. In the event the Company is unable to disconnect the Customer's access line by the requested cancellation date, the customer will be responsible for any usage over the line.
- 3.8.4 The discontinuance of service by the Company pursuant to this Section does not relieve the Customer of any obligations to pay the Company for charges due and owed for service(s) furnished up to the time of discontinuance.
- 3.8.5 The remedies set forth herein shall not be exclusive and the Company shall at all times be entitled to all rights available to it under either law or equity.
- 3.8.6 Except as otherwise provided in these Terms and Conditions or as specified in writing by the party entitled to receive service, notices may be given orally or in writing to the person(s) whose name(s) and business address(es) appear on the executed service order.
- 3.8.7 Where the Company cancels a service and the final service period is less than the monthly billing period, a credit will be issued for any amounts billed in advance, prorated at 1/30th of the monthly recurring charge for each day after the service was discontinued. This credit will be issued to the Customer or applied against the balance remaining on the Customer's account.

3. **GENERAL RULES AND REGULATIONS** (Cont'd)

3.8 **CANCELLATION OF SERVICE** (Cont'd)

3.8.8 The Customer shall pay a cancellation charge for services that require special facilities dedicated to its use when the Customer cancels the order before service begins or prior to the expiration of the service term or if service is canceled for nonpayment or failure to make a requested deposit. The charge will be equal to the non-recoverable portion of expenditures or liabilities incurred expressly for the Customer and the sum of the monthly recurring or minimum usage amount remaining through the end of the term. The Customer is liable for any charges assessed by the interconnecting telephone company providing the dedicated local access line.

3.9 **DETERMINATION AND RENDERING OF CHARGES**

3.9.1 For the purpose of billing, service will be deemed to be started on the day the service and its associated equipment, if any, is installed. Where billing is based upon Customer usage, Customers will be billed for all usage commencing on the date usage begins.

3.9.2 Subject to the Company's right to cancel or suspend services as otherwise provided in these Terms and Conditions, the minimum service period is 30 days. Termination by Customer is effective 30 days after receipt by the Company of a written notice of cancellation. Termination by the Company is effective 30 days after delivery of written notice or as otherwise set forth in these Terms and Conditions.

3.9.3 In situations where a Special Service is requested, the minimum service period and charges will be determined on a case-by-case basis.

3.9.4 All monthly recurring charges are billed one month in arrears. Initial and final month's billing, when the service period is less than a month, will be prorated at 1/30th of the month's recurring charge for each day the service was rendered or equipment was provided.

3.9.5 Usage charges are billed monthly for the preceding billing period. For periods less than the monthly billing period, minimum usage charges are prorated at 1/30th of the monthly minimum amount for each day the service was rendered.

3. **GENERAL RULES AND REGULATIONS** (Cont'd)

3.9 **DETERMINATION AND RENDERING OF CHARGES** (Cont'd)

- 3.9.6 The duration of a call is rated in intervals of the billing increments described for each service provided in these Terms and Conditions. If the final interval of a call is less than the applicable billing increment, it will be rounded up to a full increment for purposes of billing.
- 3.9.7 Computed usage charges or credits for each call are rounded to the nearest cent when possible.
- 3.9.8 The applicable usage rates for the billing of a distance sensitive call will depend on the distance in airline mileage between the originating and terminating points of the call. For the purpose of determining the airline mileage of a call, the Company will utilize the vertical ("V") and horizontal ("H") coordinates of the rate centers of the originating and terminating points of the call. For purposes of billing, the Company references "V" and "H" coordinates provided by Bell Communications Research. Calls originated by dialing a local exchange number or a 950-type number using an authorization code, the originating point will be the rate center in which the switched access facilities are located. For calls originated via equal access connections, WATS access lines or dedicated access lines, the originating point will be the rate center in which the Customer is located. The terminating point will be determined by the rate center of the called number.

The formula to determine airline miles is as follows:

$$\sqrt{\frac{(V1 - V2)^2 + (H1 - H2)^2}{10}}$$

- 3.9.9 Applicable rate periods, unless noted otherwise, as indicated below and are based on the time in which a call is established. In cases where a call begins in one rate period and continues into another, the rate in effect in each period will apply to the portion of the call occurring within the applicable rate period.

Day rates apply from 8 a.m. to, but not including, 5 p.m. Monday through Friday
Evening rates apply from 5 p.m. to, but not including, 11 p.m. Sunday through Friday
Night rates apply from 11 p.m. to, but not including, 8 a.m. seven days a week.

3. **GENERAL RULES AND REGULATIONS** (Cont'd)

3.9 **DETERMINATION AND RENDERING OF CHARGES** (Cont'd)

3.9.9 (Cont'd)

Weekend rates apply from 8 a.m. to, but not including, 11 p.m. Saturday and from 8 a.m. to, but not including, 5 p.m. on Sunday.

On holidays, evening rates apply throughout the day on which the holiday is observed unless a lower rate would normally apply.

Peak rates apply from 8 a.m. to, but not including, 5 p.m. Monday through Friday
Off Peak rates apply to calls that occur between 5 p.m. and 7:59 a.m. Monday through Thursday, and all calls between 5 p.m. Friday and 7:59 a.m. Monday

3.9.10 International Message Telecommunications Service is provided by the Company pursuant to Company terms and conditions as specified herein.

3.10 **TIMING OF CALLS**

3.10.1 Billable time for service is the duration of time between the called station answering and the called or calling station disconnecting, provided duration may be rounded in accordance with specific descriptions in these Terms and Conditions.

3.11 **SPECIAL SERVICES**

For the purpose of these Terms and Conditions, a Special Service is deemed to be any service requested by the Customer for which there is no prescribed rate in these Terms and Conditions. Special Services charges will be developed on an individual case basis and set forth in a separate agreement.

3.11.1 Special Service charges will be based on the estimated cost of furnishing such services including the cost of operating and maintaining such a service, the cost of equipment and materials used in providing such a service, the cost of installation including engineering, labor supervision, transportation, and the cost of any other specific item associated with the particular Special Service request.

3. GENERAL RULES AND REGULATIONS (Cont'd)

3.11 SPECIAL SERVICES (Cont'd)

- 3.11.1.1 If at the request of the Customer, the Company obtains facilities not normally used to provide service to its customer, the cost incurred will be billed as a Special Service.
- 3.11.1.2 If at the request of the Customer, the Company provides technical assistance not normally required to provide service, the costs involved will be billed as a Special Service.
- 3.11.1.3 Where special signaling, conditioning, equipment, or other features are required to make Customer-provided equipment compatible with the Company service, the cost of providing these features will be billed as a Special Service.

3.12 FRACTIONAL CHARGES

- 3.12.1 Charges for a fractional part of a month are calculated by counting the number of days remaining in the billing period after service is furnished. Divide that number of days figure by thirty days (billing period). The result is then multiplied by the applicable monthly service charge to arrive at the appropriate fractional monthly service charge.
- 3.12.2 For each call the minimum charge shall be the applicable charge for an initial minute with use in excess of the initial minute being billed in six (6) second increments, with the fractional billing increments, if any, of each call rounded up to the next highest whole six (6) second increment. Service offerings elsewhere in these Terms and Conditions may be subject to a different billing policy if so stated with that individual offering.
- 3.12.3 All per call charges of fractional cents shall be rounded to the next full cent unless otherwise stated in the specific product description (Section 4).

8. MISCELLANEOUS PROVISIONS

- 8.1 Notice. Written notice to Customer is sent to Customer's last known address in Company's invoicing records. Notice shall be deemed given 3 days after postmarked.
- 8.2 Waiver of Trial by Jury. Customer and Company waive their respective rights to a trial by jury of any and all claims or causes of action (including counterclaims) related to or arising out of these Terms and Conditions brought by either party against the other. Any claim or cause of action will be tried by a court trial without a jury. The waiver applies to these Terms and Conditions as amended or modified.
- 8.3 Choice of Law; Jurisdiction. These Terms and Conditions are covered by and construed under the laws of the State of Illinois without regard to choice of law principles.
- 8.4 Waiver of Class Actions. All claims between Customer and Company related to these Terms and Conditions will be litigated individually and Customer may not consolidate or seek class treatment for any claim, unless previously agreed to in writing by Customer and Company. This waiver applies to these Terms and Conditions as amended or modified, and survives termination of service under these Terms and Conditions.
- 8.5 Severability. If any part of these Terms and Conditions is held invalid or unenforceable, the rest of these Terms and Conditions shall remain in full force and effect unless Company's obligations hereunder are materially impaired.
- 8.6 Waiver. If either Customer or Company does not enforce any right or remedy available under these Terms and Conditions, that failure is not a waiver of the right or remedy for any other breach or failure by the other party. Company's waiver of any requirement in any one instance is not a general waiver of that requirement and does not amend these Terms and Conditions.
- 8.7 Headings. Section headings are for descriptive purposes only and are not used to interpret these Terms and Conditions.
- 8.8 Entire Terms and Conditions. These Terms and Conditions (including any referenced documents and attachments) make up the entire terms and conditions between Customer and Company and replace all prior written or spoken terms and conditions, representations, promises or understandings between Customer and Company.
